Work experience

● Nomador – Senior web architect

From September 2025 to March 2026 (Remote, Freelance)

Complete overhaul of the existing admin panel • Improvement of existing processes (deployment, translations)

● Extrabat – Senior web architect

From April 2025 to June 2025 (Remote, Freelance)

Advisory support on enterprise architecture prior to full-scale overhaul.

● Resilience – Senior Backend Developer

From January 2025 to March 2025 (Remote, Freelance)

Implemented tools and improved CI (CS Fixer, PHPStan, Rector) • Strengthened a product team (development & various refactorings).

● Tiime – Senior Web Architect

From September 2023 to September 2024 (Remote, Freelance)

Designed and initiated the decoupling of the existing monolith to extract a key application • Analyzed and improved current best practices • Enhanced the development environment and onboarding process.

● Coverd – Senior Web Architect

From March 2020 to April 2022 (Remote)

Decomposed the monolith into multiple services (front, back, partner site & API) • Ensured application performance and quality (on-call duty).

● Shapin' – CTO Hands-on & Co-founder

From September 2018 to March 2020 (Remote)

Designed & developed the whole platform • Managed live & replay video streaming challenges • Built the product roadmap with the CEO • Managed and coordinated external resources (UX & design, SEO)

● BlaBlaCar – Web architect / Senior Backend Developer

From May 2012 to May 2017

Rewrote the existing application in Symfony2 • Ensured performance & scalability (> 50k rpm). • Acted as an interface between Ops and Devs, and as a reference for Symfony, RabbitMQ & ElasticSearch • Gained experience in Ops (orchestration with Chef, cluster maintenance for ES / RabbitMQ, on-call duty)

● La Fourchette – Lead Web Developer

From September 2011 to April 2012

Migrated the restaurant-facing site to Symfony2, from technical design to implementation • Lead developer for a team of 7.

● SensioLabs – Web Developer

From February 2011 to August 2011 (freelance)

● Boulogne-Billancourt City Hall – Project Manager / Developer

From 2007 to 2010 (Apprenticeship)

Education

● M2IRT (Master's Degree)

From 2005 to 2010 ESIEE[it] Cergy (Apprenticeship)
